

# License Agreement

January 22, 2022

This is a license (“Agreement”) to the associated digital works (digital image or other digital assets) (“the Works”). The NFT Seller “@david\_decato” is referred to as the “Grantor.” The NFT Buyer is referred to as the “Grantee.” NFT purchaser is buying the Non-fungible token and is licensing the underlying digital art or other assets under the terms set forth below, or other terms set forth on the listing page.

Grant of Rights, Limitations, and Warranties:

1. The Copyright Owner of the Works remains the copyright owner. The Grantee is not receiving ownership of the Works but is receiving certain limited rights in the Works as set forth herein.
2. Upon confirming the NFT purchase on the blockchain, Buyer becomes the Grantee and immediately receives a worldwide, non-exclusive, transferable license to the Works as set forth herein, for the period the Grantee owns the NFT.
3. Grantee is granted the right to use, copy and display the Works.
4. Grantee may not modify the works, create derivative works, transform the works or perform the Works.
5. Grantee MAY NOT make commercial use of the Works, except to resell or transfer some or all the rights granted herein.
6. Grantee MAY NOT use the Works in any way which associates the Works with hatred, intolerance, violence, cruelty, or otherwise infringes upon the rights of others.
7. Any exercise of right granted hereunder requires attribution to the Copyright Owner and the Creator if they are listed in the NFT sale, where reasonably possible.
8. Grantee shall not challenge Grantor's copyright ownership of the Works.

9. The NFT Seller warrants they are authorized to license the Works and consistent with these terms.
  10. Grantee may contact the Grantor if Grantee wishes to obtain rights not otherwise included herein. Any further grant of rights shall be in writing and evidenced by a further NFT, or signed documents, agreed to by all parties.
  11. This License only addresses the rights to the Works attached to the NFT transaction, not the NFT itself. There may be additional terms on the NFT listing page. To the extent there is a direct conflict, the NFT sale/listing page shall control.
  12. Violation of these terms will terminate this license.
  13. The agreement is governed by the laws of Ontario Canada.
  14. If the grantee sells the NFT, a royalty will be paid to the Grantor automatically as indicated in sale listing and/or the NFT itself.
  15. Grantee shall indemnify Grantor from any claims, judgements, actions or otherwise when it comes to the costs of attorney/defense fees related to the agreement between the Grantor and Grantee. This extends to the Grantors representatives, agents, contractors, employees and more.
  16. If a claim arises in consideration with the scope of this License, the Grantee will have to pay for the Grantor's counsel chosen by the Grantor himself/herself.
  17. Under no circumstances will the Grantor be liable for any indirect, special, consequential or punitive damages (including lost profits) arising out of or relating to this Agreement or the transactions it contemplates (whether breach of contract, tort, negligence, or other form of action) in case such is not related to the direct result of one party's negligence or breach.
